

farmers' markets...

are playing a greater role in the agricultural economy of the state. In 2003, Idaho Farmers' Markets generated over \$1 million in revenue in their respective communities. If you are interested in selling at a market or starting a market in your area contact the marketing division (208) 332-8530 at the Idaho State Department of Agriculture. We have resources available for direct marketing concepts ranging from farmers' markets to community supported agriculture to produce stands.

Come visit your local market. It's a fresh, healthy, and fun way to support your local economy and community.

2004
GUIDE

IDAHO *Farmers' Markets*

from our family to yours

Farmers' Markets—the oldest venues for selling farm fresh produce—are free enterprise at its best. Farm families and consumers meet to buy and sell the freshest, best-tasting, local foods. Baskets of ripe, colorful fruits and vegetables, crates of specialty herbs, honey, fresh flowers, and bread decorate each aisle. On market day, the scene is festive. Parks are filled with the freshest food and festivities as people come together to celebrate community and agriculture. Please join us in celebrating Idaho's natural bounty and visit a farmers' market near you.
